

Information Item

California Postsecondary Education Commission

Proposed Commission Meeting Dates for 2003 and 2004

The proposed meetings dates for the year 2003 and 2004 are presented as an information item. These proposed dates will return for action at the Commission's December 2002 meeting.

The Commission adopted a two-year schedule of meetings at its December 2002 meeting. The purpose of the Commission action was to provide sufficient advance notification of its meeting schedule and to coordinate Commission meeting dates in advance with other entities to reduce simultaneous meetings occurring that required the attention of Commissioners and staff.

As listed below, the suggested Commission meeting dates for 2003 and 2004 take into consideration the schedules of the California Community College Board of Governors, California State University Board of Trustees, University of California Regents, State Board of Education, and scheduled State holidays. Meetings will be held on Mondays and Tuesdays.

<u>Monday and Tuesday</u>	<u>Location</u>
